S.S.F. BATTLE RAGES OVER JINXED ANNEXATION

Supervisor Requests Joint Highway Talk

A telegram asking for a joint discussion of the controversial freeway lateral between Junipero Serra and Skyline Blvd. has been sent to Mayor Frank Pacelli and the City Council by James V. Fitzgerald, First District supervisor.

Fitzgerald proposes a "summit" meeting between all interested parties to take place Friday in this area.

The wire, dated Mar. 6, reads as follows:

"It has come to my attention that State Highway 56 between Junipero Serra and Skyline Blvd. seems to be developing into a controversy which could cause delay in the building of this much needed road in the north end of the county.

"I am very much concerned

and feel that the main parties involved, which are the cities of Pacifica and Daly City, the Doelger Corp., the McKeon Development Co., and the State Highway Department, should get together in an attempt to come to a satisfactory solution as to the route of this road for the benefit of the general public.

"I therefore offer my services and invite you or one of your representatives to a luncheon on Friday, Mar. 10, at any restaurant in your particular area. If you are interested, please contact me at EMerson 9-1441, Ext. 204, if you feel as I do that a meeting of this type would help solve this problem."

A copy of the wire was also sent to this publication.

ANYONE recognize this shot of a Daly City trolley car about to depart on a clear, sunny day back about 1915 or so? Routing includes: "Ferries, Union Park, Holy Cross Cemetery and

Baden via San Jose Road." Roof in the background carries the legend: "Half Moon Bay Stage Coach. Fare: \$1." This is another in the series of old time photos being published in

connection with the forthcoming Golden Anniversary celebration in October. Let us know if it brings back specific memories for you.

FIST FIGHT THREAT SCORES AT HEARING ON CALLAN PARK

If the citizens of South San Francisco have anything to say about it, Callan Park—rejected for annexation by Daly City last year—will remain on the "SBC" (South Bay Cities) "most unwanted" list for a time at least.

This was the indication last Monday night when approximately 200 persons hotly protested annexation of the 652 acre development before a regular meeting of the South San Francisco City Council.

After considerable booing, shouting, applause, heckling and a near fist fight, which extended

the meeting well beyond the three hour mark, further discussion of the issue was postponed until the next regular council meeting, March 20, according to City Clerk Arthur Rodondi.

Principal objections to the annexation, Rodondi said, were the matters of the need for additional schools hence, additional and higher taxes, and a type of proposed construction called "row houses" which is understood to be a kind of apartment structure rather than single residence homes.

This was the first public dis-

cussion of the controversial proposal to bring the Callan area into the South San Francisco city limit. Rodondi said the council had discussed the petition presented by the brothers Callan in past study sessions but to his knowledge had not expressed an opinion one way or the other.

It is believed, however, that from the standpoint of increased size and the prospect of additional tax revenues, the council presently favors the annexation.

The Callan brothers, Michael and Thomas, were on hand for the debate but had nothing to say, Rodondi said.

Another of the council's principal arguments which implied its desire for the annexation was that since the area already falls within the South San Francisco Unified School District, the Park should be annexed to insure proper local control.

Among the Callan offers which "sweeten" the annexation petition are revenues for sewer development, utility easements, joint financing of the area's main thoroughfare, installation of a complete water system and considerable acreage for school sites.

Call Meeting To Improve Mission Stores

An open meeting of Mission Street merchants to discuss a program of overall improvement of shopping facilities was held Wednesday night in the City Council chambers.

The meeting had been called by Mayor Frank Pacelli to initiate ideas and suggestions as to how the present Mission Street retail area can be rejuvenated for the benefit of both merchants and shoppers.

It is hoped that this will be the first of a series of such meetings during which merchants will become encouraged to modify and redecorate their stores and store fronts in a street-long effort towards beautification.

Additional improvements to be discussed, in time, include possible off-street parking and the re-routing of existing streets into one-way throughways.

Mayor Pacelli headed the discussion to which all merchants and the public were invited.

Medical-Dental Center At Colma

Ground was broken yesterday morning at Alemany and San Pedro Blvd. in Colma for the first phase of a \$120,000 medical-dental center expected to be completed by the end of July.

Eventually to be known as the Luceti Medical-Dental Center, the first phase is being built by owner A. G. Luceti to provide suites for his son Ronald J. Luceti, who will begin his dental practice there in the fall.

The second phase, expected to be finished by the end of the year, will house medical facilities as well as additional dental and professional facilities, Luceti said.

The structure, designed by Paul D. Markling & Associates,

A.I.A. architects for South San Francisco, will incorporate all of the latest developments in the dental field into an integrated design with both functional and esthetic appeal.

The project is being constructed by Ragni and Sons of Daly City.

Luceti is assistant manager at the Bank of America in Colma.

Present for the ground breaking ceremony were Adolph Schenone, merchant; Mayor Frank Pacelli, Daly City; Attilio Conserva, fire commissioner for the Colma District; Frank Martorana, president, Chamber of Commerce, Daly City; Paul Markling, architect; Joe Ragni, builder; and Luceti.

Woman Dies In Accident

A 45-year-old Daly City woman was killed Sunday night on a San Francisco street after being knocked down and crushed by her own automobile.

Mrs. Mary Franks, who lived at 72 Oakmont street, had just stepped from the family car onto the steep 17th street hill with her two small granddaughters standing on either side of her.

According to police, her husband, Garvin L. Franks, 40, a used car salesman, apparently went to get out of the car after curbing the wheels and setting the brakes, when the car suddenly lurched back, nicking a parked car and hitting Mrs. Franks.

One of Mrs. Franks' granddaughters, Roberta Montoya, 5, was slightly grazed. Funeral arrangements are pending.

Salary Hike Okayed By Hi School Board

A salary schedule for 194 teachers, amounting to an increase of about \$432 a year for each teacher, and costing the district \$83,800 more, was unanimously adopted Monday night by trustees of the Jefferson Union High School District.

The new schedule was adopted for two years, instead of for the normal one, with the stipulation that if the cost of living should rise or fall by 3 per cent, the schedule will come up for review by the board next year at this time for study as to whether it should be continued or rejected.

The old schedule would have cost the district \$1,419,200, but with the additional \$80,000 cost, the total is brought up to \$1,503,000. Breaking it down even further this means that a teacher will be receiving about \$1 more a day under this new salary schedule.

The revised schedule was explained to the board by Dist. Supt. Edward Morgan. It was passed with little discussion from the board or from representatives of the finance committee or the Jefferson Union High School Teacher's Assn.

The range of the new schedule goes from \$5,100 a year to \$9,300 a year for a teacher.

Mongan Says Won't Protest The Ruling

"If they didn't choose to invite us, that's their business. As far as we're concerned, the matter is closed!"

That was the reply given by Jefferson High Principal John Mongan to this newspaper recently when he was asked if he had any intentions to file a protest with the sponsors of the Peninsula Invitational Basketball Tournament held last month, in which Jefferson's Indians received an invitation, and then just as quickly had it withdrawn.

Tourney officials allegedly withdrew the invitation when it was learned that Jefferson's players had been told they had been accepted to play in a cage-fest at Stanford on March 9-11.

In Jefferson's place, two other high schools—Menlo-Atherton and Bishop O'Dowd—who have not had the impressive record as that of Jefferson were chosen to play.

Coach Mike Orlich, according to a San Francisco paper, indicated he would ask Mongan to file a protest with the tourney's sponsors.

Mongan assailed the story as "most erroneous." He said there was little he could do. "My hands are tied. Someone has a party. You think you're invited, and then you learn you're not. What can you do? After all, it is their party."

'J' Is Burned Into Lawn At Westmoor

A huge "J" was burned distinctly into the lawn of Westmoor High School sometime last Friday evening or early Saturday morning, Daly City Police report.

The letter, presumed to stand for Jefferson, was etched into the lawn at the northeast side of the school.

Board Is Urged To Take Stand On Federal Aid

The Board of Trustees of Jefferson Union High School District Monday night was asked to give careful consideration to the many bills coming up at the Federal government level on federal aid to education, and then endorse one of the programs.

Don Miller, a Pacifica councilman and former trustee, asked the board to consider all future proposed bills, decide on one, and then inform the State Legislature as to which the district supports.

Miller commented on two bills already introduced at the Federal level. These are the Kennedy administration's proposed \$5 billion dollar program and the one introduced by Sen. Barry Goldwater (R-Ariz.), which could be financed by reducing everyone's net taxes.

The board assured Miller it would give careful study to all proposed programs of federal aid to education.

In other business:

The board, signed the application for \$1,750,000 state aid money for building construction at Jefferson High School.

\$100 Scholarship Is Readied At Westmoor

The Broadmoor American Legion Auxiliary 824, will again present its Annual Scholarship Award this year in the amount of \$100, to a 1961 Westmoor High School graduate.

The winning student, a veteran's child, will be selected during April, according to Glen South, principal of Westmoor High School.

The winner's name and address will be released as soon as the information is received by the Auxiliary Education chairman.

School Employees Receive Benefits

Classified personnel were given a new career service pay schedule and a health and welfare plan, both covering a two-year period, by the trustees of the Jefferson Union High School District Monday night.

The career service pay will cost the district approximately \$2,640 the first year it is in effect, but only 11 persons will benefit.

The health and welfare plan will cost the district \$3,389.70 the first year it is in effect, and will cover 65 persons, including the 11 entitled to the career service pay.

Classified personnel consists of gardeners, maintenance men,

supervisors, cafeteria helpers and clerical workers.

Under the old pay schedule, an employee received a \$20 a month increment after he had completed four years with the district. The new program provides for approximately \$20 a month to the worker after he completes his eighth year, then again after his twelfth year, and so on, at four-year intervals.

The new schedule at present effects only 11 persons, that is to say, those that have worked for the district since 1953.

The health and welfare plan which will cover the 1961-62, (Continued on Page 2)

1962-63 school years will cost the district between \$6,000 and \$7,000 a year.

Under this plan, the district will pay 50 per cent of the premium the first year, 75 per cent the second and all the third.

The only stipulation was that both plans will be reviewed at the end of the year if the cost of living has risen or fallen by 3 per cent before the board re-adopts or rejects it.

Trustee James Cooper said that he was dubious about such a fringe benefit. He made a motion that the board pay 50 per cent both the first and second years, but this died for lack of a second.

In other action the board:

Placed all the district's clerical personnel on a 7 1/2 hour work day instead of eight. It was explained that this in no way would change the school office hours or the hours school was in progress.

Placed its assistant principals on a 11-month work schedule instead of the present 10-month schedule, and an adjustment in salary amounting to approximately \$400 a year for them.

Purpose of the day-long visit was preparation for a map study of San Mateo County.

Quaint Laws About Highways

Ever since the first few horseless carriages started chugging and sputtering along our highways, angry farmers and other responsible citizens have been thinking up laws to try to keep the motorists in line. Some of these laws, points out the National Automobile Club, have been quite quaint and some of these quaint laws are still on the books.

Take, for instance, the law in Lawrence, Kansas. It says that you can't drive along the street with bees in your bonnet—real bees, that is.

In Utah the right of way is always strictly for the birds. Take it away from the little chickadee and you're in for trouble.

In Memphis, Tennessee, you'd better not let the local officer catch you driving along while you're asleep. There's a law against that.

If you plan to drive into Tacoma, Washington, to rob a bank, injure or murder someone, you'd better report your plan to the local police before you cross the city line, or the judge will throw that violation at you too.

In the early days in Pennsylvania the angry farmers formed the Anti-Automobile Society and that group drew up some fancy rules. Any motorist driving along a country road at night was obliged to stop every mile, send up a signal rocket, wait ten minutes for the road to be cleared, and then proceed with caution. Any motorist who sighted a team of horses coming towards him had to pull well off the road, cover his car with a blanket or canvas that blended with the surrounding countryside, and let the horses pass. If the horses were skittish and wouldn't pass, the motorist had to take his car apart piece by piece and hide the pieces under the nearest bush.

In Trenton, Missouri, it's against the law to drive an automobile after dark.

In Green Bay, Wisconsin, let your car drip some oil on the pavement and you're apt to be fined something like five dollars per drip.

In one small New England town they really tried to pull a fast one on the fast drivers. The local constable posted a sign that read: "THE SPEED LIMIT THIS YEAR IS A SECRET. MOTORISTS BREAK IT WILL BE FINED TEN DOLLARS."

These laws are on the quaint side, but in many parts of the country today you'd better heed them if you want to stay on the right side of the law.

Facts Say Working Mother Not Cause Of Juvenile Trouble

The facts don't bear out the theory that working mothers are a cause of juvenile delinquency, reports Lois Meek Stolz, Stanford emeritus professor of psychology.

She reviewed research of the past 50 years, and found that the children of working mothers also do just as well in school as those whose mothers stay at home.

She was "impressed with the number of different and opposing findings," she reported, and concluded:

"It might be more profitable to focus attention on the psychological conditions within the family—especially on the personal characteristics of the mother and father and the kind of supervision and guidance they provide, not only at work but at home."

Trustees Approve High School Plans

Preliminary plans for construction of 36 classroom units for the new building at Jefferson High School, amounting to a cost of \$1,700,000 was approved Monday night by the Board of Trustees.

The plans, as submitted by Falk & Booth, San Francisco architects, calls for the construction of 23 classrooms, five science labs, three business education rooms, two industrial arts rooms, one are and one crafts room, one music room, one library, and administrative office, and a photo journalism room. The new plan is expected to house approximately 1,500 students. Construction is scheduled to begin in September.

The new building is scheduled to be built behind the present one, and eventually the present building will be torn down and a new building will be erected in its place for an additional 500 students for a total accommodation of 2,000.

Falk and Booth will now go ahead with the final plan, while the district will now go to the Allocations Board of the Department of Finance in Sacramento for approval of the money. The State Department of Education has already given approval of the project.

Dist. Supt. Edward Morgan announced that the State Department of Education has approved construction of 16 classroom additions at Westmoor High School at a cost of \$598,071.

These new additions consist of five science labs, two shops, and a mechanical drawing room, and eight classrooms. The district is scheduled to go before the Allocations Board in March for approval of money.

Morgan announced that final approval has come from the

FONTANA TO SEEK FOURTH TERM AS SCHOOL TRUSTEE

Elio A. Fontana, a long-time resident of the Colma area, has announced he will be a candidate for re-election to the Jefferson Union High School District board of trustees at the April 18 election.

Fontana lives at 102 Alder avenue, Colma, with his wife and son and daughter. He is a product of the Jefferson Elementary School District and the Jefferson Union High School District — having graduated from Jefferson High School in 1938.

While a senior in high school, Fontana served as student body president. Upon his graduation from Jefferson High School he enrolled in the College of San Mateo. He and his father operated and own one of Colma's leading monument manufacturing concerns, one which has received national recognition.

Since 1952, Fontana has been a member of the board, serving as its president from 1959 to 1960.

He is a member of and an active worker in the San Mateo County, California, and National School Boards Associations. Currently he is a member of

Third Grade Classes Make County Study

The Daniel Webster third grade classes of Mrs. California Koenig and Mrs. Nancy Rice have been studying San Mateo county.

They recently furthered their study by taking a trip to the Woodside Store. The children found the historical reminder of early gold rush days very fascinating.

Overseeing the group, as they toured and ate their picnic lunches were Mrs. Rose Wasserman, Mrs. Lois Reed, and Mrs. Maria Armstrong.

Clearance Limits For All Vehicles Has Good Reasons

A little publicized reason for existence of the vehicle code section which sets minimum ground clearance limits for passenger vehicles was emphasized recently in a statement by Capt. John W. Kennedy, commander of the Redwood City area, California Highway Patrol.

"The life of a child could very well hinge on this law," he said. "Suppose you are proceeding at lawful speed through a residential area when a child dashes in front of your car. It is impossible to stop, and your vehicle strikes the child. Since the youngster's body is no higher than the hood, the child almost always will be thrown to the ground."

Kennedy also said, "Stock cars ordinarily have sufficient road clearance to allow the vehicle to pass over the body. If the child survives the initial shock of being struck, it is possible that his life will be spared if the vehicle passes over him without touching him."

"But vehicles which have been lowered below the legal limit invariably will drag and mangle a body, inflicting major injuries," Kennedy concluded.

The law provides that the lowest portion of the vehicle other than the wheels shall not be closer to the ground than the lowest point on the wheel rim.

Elementary Board Hires 2 Teachers

Two new teachers and an administrator were hired Monday night for the 1961-62 school year by trustees of the Jefferson Elementary School District.

Nine Red Cross Chapters Start Big Campaign

The nine Red Cross chapters of the Bay Area have launched the biggest and most crucial March membership drive in nine years with a goal of \$431,000.

Golden Gate Chapter goal is \$235,469 with \$176,602 of that amount to be raised in San Francisco and the remainder in San Mateo County, according to Kenneth Gould, March membership chairman.

The goal represents the amount between that raised for Red Cross by the United Crusade and actual operating needs for the year 1961.

Gould said that if the United Crusade had reached its goal of \$11,250,000, Red Cross would have conducted only its traditionally modest March Membership campaign.

Harry R. Lang, President of the United Bay Area Crusade said that the nine Red Cross chapters' share of the recently completed Crusade campaign will fall 19 per cent short of the amount requested by Red Cross.

'60 Living Cost In S. F. Area Up

The cost-of-living in the San Francisco Bay Area increased by 3.5 per cent in 1960 over a year ago, according to the Heller Committee on Research in Social Economics on the Berkeley campus of the University of California.

Despite the current economic recession, living costs rose for the sixth straight year. In 1954, there was a slight decline from the base year of 1953, the Committee reported.

Each year, the Committee compiles statistics from representative communities in the Bay Area to find out what it costs to keep an "average" family of four (including a man, a woman, a boy of 13 and a girl of 8) living in the commonly accepted standards of decency.

If you are a wage-earner owning a home, the Committee found, it cost you at least \$6,892 to keep pace with these rising costs. If you were a wage-warner renting, it cost \$6,488.

A more affluent salaried worker (junior professional or executive) spent almost three thousand dollars more—\$9,816 to provide for himself and his family.

For the most part, the budgets are derived from the actual spending habits of the families interviewed and are no attempt to report what the public "ought to have," the Committee said.

Cities used for pricing were San Francisco, Oakland, Berkeley, San Mateo-Burlingame, Walnut Creek-Lafayette, Richmond, San Leandro and South San Francisco.

Biggest increases in the budget in 1960 over 1959 were for housing, personal insurance, recreation, and union dues.

Federal and state income taxes remained the same, although local (city and county) taxes advanced in most areas.

Total food costs rose 2 1/2 per cent for the salaried worker, and 3 1/2 per cent for the wage earner. Food at home cost the salaried worker only 1 1/2 per cent more than in 1959, but

his meals away from home cost him 6 per cent more.

The home increases were due mainly to rising prices for eggs, fruits, poultry and cereals over the previous year. The cost of vegetables actually declined by 3.6 to 4 per cent and beverages were down by 1 per cent, mainly due to a further reduction in coffee prices.

It was a bad year for beer drinkers. Alcoholic beverages rose 2 1/2 to 4 per cent, mainly because of an increase in the price of beer and because producers, in many cases, reduced the beer can size from 12 to 11 ounces.

Costs of home ownership showed a big increase—8.4 per cent—over 1959, reflected mainly in the boost of financing home loans, while property taxes and assessment rose by a whopping 14.6 per cent and costs for fire insurance jumped by nearly 11 per cent, reflecting the increase in value of the house since there was no actual change in the insurance rates.

It cost more, too, to keep informed. The cost of books and newspapers rose by 7.6 per cent over 1959 in the salaried worker's budget and 8.7 in the wage-earner's budget. Wage earners paid, on the average, 9 per cent more for union dues than the year before.

Total automobile costs rose 2.2 per cent in each budget. Operational costs were up 6 to 7 per cent. The cost of buying a new car rose 6.9 per cent for the salaried man and used car prices were up 9 per cent for the wage earner. There were some bright spots in the automotive picture: tire prices declined by nearly ten percent and auto insurance costs dropped by 13.2 to 15.5 per cent owing to the inclusion of a 20 per cent credit allowance by many insurance companies under the "Safe Driver Plan."

For the first time since 1955, medical and dental costs rose less than 5 per cent, due both to rising costs of prepaid medical plans and doctors services.

Burkhard Enters HS Trustee Race

John "Jack" W. Burkard, 40, has filed as a candidate for the Jefferson Union High School District Board in the April 18 election. Burkard is assistant to the sales manager of The Western Pacific Railroad Company at its general office in San Francisco, California.

A native of San Francisco, "Jack" his wife, Grace, and daughter, Joan, live in Westlake at 696 Higate Drive. He is a graduate of Santa Rosa High School and has attended Golden Gate College in San Francisco and the University of San Francisco.

Burkard is a Lieutenant Colonel in the United States Marine Corps Reserve. He saw combat duty in the Pacific area in World War II, remaining on active duty until 1946. During the Korean War he was recalled to active duty and advanced to his present rank.

Especially interested in civic youth organizations, Burkard has served as an advisor to the 4-H Clubs, Institution Advisor for the Alameda Explorer Scouts, and State Aide for the Marine Corps League. He was formerly an active member in the Teamsters union and the Carpenters union. At present Burkard is a member of St. Martin's Church in Westlake, the Westlake Subdivisions Improvement Association, and the Westmoor High School Parent-Teachers Association.

Commenting on the Jefferson Union High School District elections Burkard believes that communities as large as Westlake and St. Francis Heights, supporting a 3.6 million dollar high school as well as assisting

in the support of other high schools within the district, must have direct representation on the JUHS district board.

Realizing the problem of school population expansion and its critical effect upon the two present high schools, Westmoor and Jefferson, in addition to the effect it will have on the two high schools presently under construction, Terra Nova and Oceana, Burkard feels that immediate steps should be taken for the selection and purchase of sites for potential high schools. Every effort to eliminate the prospect of future double-sessions should be made as soon as possible within the limits of the present tax base.

DEN MOTHERS HONORED BY SONS, HUSBANDS AT BLUE-GOLD DINNER

Our Lady of Mercy Cub Pack 347 held its first annual Blue-Gold dinner recently as a father-and-son affair honoring the den mothers of the pack.

The dinner was prepared by the fathers who cooked 30 pounds of spaghetti and 400 meat balls. It was served by the Webelos of the pack.

The den mothers and the cubs did the table decorations. Den 7's centerpiece was a miniature of a Cub Scout complete with uniform in every detail. Den 2 had two worlds in the center of the tables with flags of all nations stuck into it signifying that scouting is an activity enjoyed by boys all over the world.

After the last mile spaghetti was wrapped around the fork and the last meat-ball rolled down the alley to his happy hunting ground, the pack's regular monthly meeting was held. Mr. Vannucci introduced a very outstanding guest to the boys. He was Edward Werner of Kenosha, Wisc. Werner is a 20-year veteran in scouting. He was an Eagle Scout with a bronze and gold palm and quartermaster in the Sea Scouts Ship No. 1. He spoke briefly to the cubs on scouting and complimented the boys on their very fine showing in all cubbing functions.

Cub Master Julio Figueroa presented the pack with the Class A award which it recently received for its display down in the Westlake Shopping Center during Boy Scout Week. Each den had a display of its activities in the windows of several of the shops on the mall. A 40 page speech was given by Renon Dominguez, the pack's committee chairman, explaining the organization of the pack, and the "go-power" of the pack being the boys' active participation along with that of the boys' parents. An urgent appeal was made for the parents to sign up for some sort committee work. This committee is the "behind the scenes" function of all packs. Without these committees to do the planning and organization of the pack there would be no cubbing for these boys.

The first edition of the pack's newspaper was distributed as compiled and edited by members of Cub Pack 347. The paper was named, "The Cub Reporter" by contest winner, David Quiros. David was made honorary editor-in-chief of the pack's newspaper for his winning name. Jimmy Pidgeon is reporter for Den 2; David Hunter is reporter for Den 4; Russell Locke is reporter for Den 5; Bruce Kilday is the reporter for Den 6; Lane Russell is reporter for Den 7; as yet Den 8 has no reporter.

Easter Seals Sent Throughout County

The hopes of the handicapped citizens of San Mateo County headed for mail boxes throughout San Mateo County recently when 122,561 sets of Easter Seals were turned over to postmasters throughout the county for delivery.

"This is the largest coverage of San Mateo County we have ever had on behalf of the San Mateo County Society for Crippled Children and Adults," declared Superior Judge J. A. Branson, chairman of the drive for 1961 whose signature appears on each letter accompanying the Seals.

"I only ask that each family receiving the Seals send in whatever you feel you can afford and to respond as quickly as possible," Branson urged. "We hope to raise \$50,000 which is the minimum amount needed from the Seal sales to keep the Rehabilitation and Research Center at 1764 Marco Polo Way, Burlingame, in full operation."

The letters mailed with the Easter Seals tell about Johnny Kemp, a nationally famous 13 year old "wonder boy." Born without arms and legs, Johnny can deftly toss a baseball, delivers newspapers to save money for college, and is successfully meeting life's challenges with artificial arms and legs. Judge Branson described Johnny as an inspiring example of how physical handicaps can be overcome.

Branson stressed the fact that funds from the Easter Seals are largely spent right here in San Mateo County helping the 13,178 handicapped citizens in our midst. Through the Rehabilitation Center here and the Sheltered Workshop, you can actually see the tremendous accomplishments of this organization.

Serving on the sponsoring committee for the Easter Seal drive in the Daly City area are: Alfred O. Beitz, Art Colvin, Thomas L. Lewis, D.D.S., Edward D. Morgan, Jack A. Hurt, and U. R. Kendree.

Question—When and where should I file my State personal income tax return?

Answer—If your return is based on calendar year 1960, it must be filed no later than April 17.

Some taxpayer keep books on a fiscal year basis. If you are one of these taxpayers, your return must be filed by the 15th day of the fourth month following the close of your taxable year.

Remember: The law imposes penalties and interest for failing to file a return or for failing to file a return by the deadline.

You may personally file your return and pay your tax at any of the 13 Franchise Tax Board offices located throughout California.

Government Money Called Key To '61 Biz By Stanford

Two dozen Stanford Graduate School of Business students have consulted their crystal ball—in this case the Gross National Product Index—and have come up with their own economic forecast:

Government fiscal and money policy will be the key factor in the 1961 business revival, which should be under way this spring.

Increased defense spending, social security and unemployment compensation payments, public construction, aid to depressed areas and easing of interest rates will be the government's anti-recession prescription.

The GNP for 1961 will better last year's fourth quarter by \$20 billion.

Consumer expenditures will continue to rise at the past rate of 3.4 per cent annually.

Fourth Graders Plan Study Of California

In planning the current unit of study on modern California, Mrs. Caston's fourth grade at Vista Park School is taking the problem solving approach. Many references are being used—textbooks, maps, library facilities, and local and state governmental agency pamphlets.

Correlated skills in language arts will also be involved—discussion, ability to work in groups and structure material found, letter writing, ability to read maps and graphs, will be some of these techniques.

Educational tours are also planned to courts, state buildings and other agencies related to the state. Audio-visual materials from district and county will visualize for the children what cannot be achieved through educational tours, due to the distances involved.

An understanding of California's resources and demands placed upon these resources will offer valuable opportunity to prepare a more aware and informed future citizenry with ability to objectively evaluate current present day demands.

DC Sea Scouts Get Scare As Boat Capsizes In Wind

The Daly City Sea Scouts got a dose of their own medicine recently when their newest and eighth boat, a 16-foot three hull trimaran, turned completely upside down in a savage gust of wind.

The scouts spend much of their time assisting other Lake Merced sailors who have had accidents afloat, or whose boats have gone adrift. The trimaran was being used by two of the ship's officers, Frank De Martini and Bob Bender, when it overturned.

Westlake Bob Gunthorp, skipper of the unit, manned the ship's pulling boat and went to the rescue. With the assistance of the pulling boat's six oarsmen, wire shrouds were cut, allowing the mast and boom of the trimaran to float free. A steady half-hour pull with the 14-foot oars brought the trimaran to dock, where, within a few days, it was completely repaired.

Shortly after the trimaran flipped, further sailing for the day was forbidden due to local weather warnings and gale-force gusts of wind.

Routine questioning of De Martini led to his statement that "We've been so brain-

washed that I didn't even have to think. Bender and I got into our lifejackets immediately, and simply waited for help, staying with the boat."

Skipper Gunthorp learned the following day that he had conducted the entire operation not knowing he had broken a toe, the result of a boating accident.

Daly City's Sea Scouts, who are sponsored by the Westlake Subdivisions Improvement Association, now have the largest Sea Scout flotilla in the state. This was announced at an open meeting of the WSIA by Gunthorp.

The group has over \$3,000 in boats and boating equipment. There are three small sailboats, the pulling boat, trimaran, and three racing sloops which comprise the flotilla of eight craft. Membership has more than doubled within the past few months, and is expected to double again before the year ends. Dues are nominal and there is no entrance fee, while uniforms required cost less than \$10 complete.

Membership is restricted to young men in high school age 14 or older. Interested lads are encouraged to contact Bob Bender, Junior Third Mate, at PLaza 5-6835.

The purpose of the luncheon meeting was to emphasize mutual appreciation and understanding as American citizens.

The luncheon was part of the activities held last week during National Brotherhood Week, which culminated Sunday night with a rally at the Daly City War Memorial Building.

Guest speaker at the luncheon was Karl Justus, director of the National Conference for Christians and Jews in San Francisco.

Soloist was Harold Wachter, cantor administrator of the Temple Judea, who sang a Jew-

ish song of peace.

A brief statement of purpose of the meeting was given by Rev. E. Clark Robb, minister of Seaciff Community Church.

Rev. Herbert Tweedie, pastor of the Broadmoor Presbyterian Church was host.

The luncheon was put on by the deacons, who are the ladies of the church.

The luncheon was initiated for the first time last year by the Congregation B'nai Israel of which Rabbi Solomon Shore was the host.

Award Winning Art & Craft Show To Repeat Mar. 24-25

The arts and craft exhibit, last year's award winning event, sponsored by the South San Francisco Woman's Club, will be a repeat showing this year on Mar. 24 and 25 at the clubhouse, 470 Grand Ave., South San Francisco.

An award in the field of art was given by Golden Gate District of California Federation of Women's Clubs for the excellence of the planning, preparation, artist's responsive participation, and viewers appreciation of artistic talents.

"The first showing was received with such complete and spontaneous enthusiasm by both artists and viewers that an immediate demand was expressed that this become a traditional cultural contribution to our community," said Mrs. Sherman Nash, president. "With this feeling there will be no registration fee nor admission charged, though a silver tea will be offered."

An added incentive to artist

TV and RADIO

By Mona Baker

Turn the television dial and bring in the world. This fascinating experience may no longer be just a dream. Prophesied ABC President Leonard H. Goldenson (who last week met the Bay Area press in a special press conference arranged by KGO-TV, and later on addressed the S. F. Advertising Club) international television will become a reality "in the not too distant future."

When "satellites" will encircle the globe and be able to transmit the sound and image of events from any one place on earth to another." He emphasized that television will be able to bring world events as they are happening to viewers around the world.

In his travels through various countries, Mr. Goldenson related dramatic incidents of the tremendous impact of television on the people and pointed out that "television in other countries is now growing faster than the U.S." He suggested that "perhaps international television will ultimately lead to an international language."

This peek into television's future is rather staggering to the imagination and presents a real challenge to nations of the world. Certainly one of the most important effects of international television is the statement by Mr. Goldenson that "television has the potential— and the promise—of transmitting around the world the understanding that is essential for world peace."

Certainly outstanding dramatic entertainment is KQED's "Robert Herridge Theater" (Thurs., 8:30 p.m.) which premiered last week. The first offering "A Trip To Cardis" was completely absorbing from beginning to end and television drama at its finest. A "thank you" to Bank of America whose sponsorship without commercials makes this series possible on the community-sponsored station. Other new additions to Channel Nine schedule include course on chess taught by George Koltanowski on Wednesdays at 8 p.m. and "live" series by concert pianist Istvan Nadass also on Wednesday at 10 p.m.

Happy Anniversary to KTVU who completed their third year on the air last week. The past years have seen many important additions to their schedule as they continue to expand their broadcasting day. Also they have increased their color schedule with seven hours of compatible color shows each week.

NEW PROGRAMS: Over KNBC (both AM & FM) nightly concert by George Wright) famed popular-music organist, performing on a massive Wurlitzer theatre pipe organ week-nights at 10:05 p.m.

"Washington Conversation" (KPIX, 10 a.m., Sun.) new series featuring interviews from nation's capital with CBS News Correspondent Paul Niven as host.

STATING the purpose of the brotherhood luncheon meeting is the Rev. E. Clark Robb, minister of the Seaciff Community

Church, shown wearing his Naval Reserve chaplain's uniform. He said the purpose of

the meeting was to reach an understanding and appreciation together as citizens.

Spiritual Food For Thought

I had a very small snapshot of myself as a boy. In order to keep it from being lost I pasted it on a large card. What was needed was a larger setting for the snapshot, something greater to which to be attached.

In this vast world of technologies and satellites, it is easy for a person to feel lost in insignificance and irrelevance. Each of us needs a larger setting for life, more identity and meaning than only one's self or the momentary task. A comment from an individual illustrates this: "I have tried to find serenity by living one day at a time, but it's not good enough. One can't find serenity and peace unless one believes in something that has larger meaning than today." Someone else suggests the solution in these words: "We cannot all be great, but we can attach ourselves to something great."

In Old Testament story it is Moses who cries "who am I to lead this people?" And it is God who answers, "I will be with thee." Moses found life's larger setting in his trust in God in order to lead his people out of Egypt and across the desert wastes. His insignifi-

REV. TWEEDIE

cance and irrelevance was changed to confidence and strength.

In the New Testament story there is revealed the activity of God in sending His Son, Jesus Christ, to be life's larger setting unto life eternal with him. People like Simon Peter the fisherman; George Washington, the farmer; David Livingston, the factory worker; Muriel Lester the socialite and countless others have found various measures of greatness and meaningfulness through this larger setting for their lives and their energies. They were convinced that this was God's world and that they were held responsible to act accordingly with God's help. It was in this relationship that they found greatness.

It is the purpose of the church to meaningfully relate people's lives, energies and interests in that larger setting found in the reality and resources of God for this day and age. May each of us find life's larger setting

OLM Defeats Whites As Ball League Ends

League play ended this week with the Our Lady of Mercy's 8th Grade team downing the Flying Goose Whites 38-23. Coach Bud Nelson's boys finished the league with a perfect record 8-0.

The big factor in OLM's perfect record was Ken Torre. Torre hit 17 points in the final game to finish out a season of outstanding play. Backing up Torre's play throughout the season were G. Tracy, M. Kelchava, D. Pigott, T. Reiterman, P. King and M. McLaughlin. These boys were consistent in their scoring and tops in floor play as their record proved.

Bill Mendosa's Ben Franklin team took 2nd place by stomping Our Lady of Perpetual Help 61-13. Third place went to Barney Greenberg's Flying Goose Blues. The Blues defeated New Pisa 37-26. In the other game of the day, the Pacific Athletic League Celtics defeated the Baptist Youth Assn. Patriots 32-30.

Competition in this year's leagues caused Tony Giammona of Westmoor High to predict "a few more years of this type of league and Jefferson Hi and Westmoor will be untouchable in high school basketball." The four leagues encompassed 390 boys. Caliber of the play was a real tribute to the more than thirty coaches who devoted a great deal of time to the development of their teams.

On March 28, the 1st and 2nd place teams will receive their awards from Mayor Facelli. The Award Night will consist of an All-Star game between the 6th

Terra Nova Slumps; Pick Is Star Player

Terra Nova High School lost two out of three last week, but did hard due to the effort of improved team play in general and Manuel Pick in particular.

San Mateo stopped their three game winning streak with a 47-30 victory in which the Tigers had a normal let-down after their spectacular winning efforts against rough clubs. In this one, Pick was the only bright spot, hitting for 13 points.

Pick and Terra Nova bounced back against Jefferson's JV's with a come-from-behind 30-27 victory. Jeff had lead at the first quarter turn, 8-3, and at half-time, 17-12, but the Tigers charged into a 24-21 third quarter lead and went on to an impressive victory, with Pick—that man again—coming across with 16 markers.

Their next game, against Westmoor's JV's was probably their most important game of the season from two standpoints: 1) Westmoor's JV is their arch rival 2) Westmoor's JV is loaded, with at least three boys expected to be first string varsity players next year.

Westmoor won, 60-54, but not before they were forced into coming behind from a three point deficit with only 16 seconds remaining in the game, were forced into over-time, and were submitted to the hot hands of Pick, who set a new school record by meshing 26 despite playing almost the entire game on a gimpy foot.

The game had been a see-saw affair throughout as demonstrated by the 26-26 halftime deadlock. Fred Mason and Dennis Caruthers helped Pick and Team with 10 points apiece, as the Tiger came up with perhaps their finest game of the season.

Pick—and Team—have definitely demonstrated over the past couple of weeks that they will have to be reckoned with next season. All it took was experience and the taste of "blood" for the boys to get started.

Pick, through steady, virtually unnoticeable improvement and the consistent, dogged play, has

Hammond Participates In Amphibious Games

Russell S. Hammond, sonarman third class, USN, son of Mr. and Mrs. Earl Hammond of 212 Forest View drive, South San Francisco, is participating in amphibious training exercises while serving with Helicopter Anti-Submarine Squadron Five aboard the anti-submarine warfare support aircraft carrier USS Lake Champlain in the Caribbean.

During the operations, the squadron is taking part in extensive anti-submarine warfare exercises designed to increase the Navy's defensive potential. Visits have been made to Guantanamo Bay, Cuba; Roosevelt Roads, Puerto Rico; Kingston, Jamaica, and St. Thomas in the Virgin Islands. The squadron is scheduled to return March 8 to its home base at the Naval Air Station, Quonset Point, R.I.

Prater Takes Part In Amphib Events

David C. Prater, seaman apprentice, USN, son of Mr. and Mrs. Henry C. Prater of Hillside boulevard, Colma, serving aboard the dock landing ship, USS Colonial, operating out of San Diego, Calif., took part in ceremonies, February 20, marking the 19th anniversary of Pacific Fleet Amphibious Force.

It's SPARE TIME at Westlake Bowl

By JIM GREALISH

Bowlers of the area will participate in Daly City's 50th Anniversary Celebration October 7 to 14 with a bowling tournament at Westlake. There will be separate divisions for men and women, with the King and Queen of bowling being crowned at the Grand Ball on Saturday, October 14. The Tournament will open at noon October 7 with a celebrity squad participating in the opening ceremonies.

In the Sunday morning Father and Son League, Joe Cardona Jr., led the way for both fathers and sons with a 184 game and 517 series.

Judge Frank Blum is rumored to have called a secret practice for his bowling team in preparation for the return match with Judge Louis Demattei's team on March 10. In the first encounter at Mel's Bowl in Redwood City last week, the "boys from the North" took three of the four points with Police Chief Petroski sparking the team on a 227 game and 582 series.

It's beginning to look as though when the men bowlers need a spare converted they'll put in a call for a member of one of the daytime leagues. For the second consecutive week, the fair one had no problem converting the difficult splits. Among those entered in the records are Blanche Robinson the 3-7-10, Dot Cheatum the 6-7-10, Maureen Cano the 6-7-10, Madge Robinson the 6-7-10, Anne Ikler the 4-9-10 and Mary Wright the 3-10.

Clint Sherwood of the Hucksters team in the Southwest Handicap League has joined the ranks of bowling disc jockeys. In addition to bowling on Thursday evenings, Clint now has his own show on KFAZ nightly at 11 p.m. Rumor has it that he might drop a few bowling hints.

Another proud junior bowler is Toni Pinelli who now sports a shiny new 400 patch. The response to the weekly free instruction clinics held on Monday, Tuesday and Wednesday morning has been most encouraging. In addition to the many new bowlers, Rick Dreier reports that some of the experienced bowlers are brushing up on the finer points.

Over 150 teams have entered the current BPAA Team Handicap Tournament now in progress. The Pacific Sundry team of the 815 Scratch League moved into an early lead with

2788 plus 462 handicap for a 3250 series. Since one of every five teams entered will go into the Sectional Playoffs (at Westlake) at no additional cost, there will be over 30 teams remaining in competition for the second round. Last year's national winner of \$7500 was a team with an 828 average.

Last week the bowlers in the Early Birds League witnessed a rare coincidence as two girls with the same name bowled identical series. Betty Levesque (both of them) ended the three games with a 402 total. What are the odds on that happening again during the next 100 years?

Marty Oster led the Junior Match Game team to victory over the Uptown Bowl team last week as he rolled games of 211-151-195 for a 557 total. The victory marked the 17th straight no defeats for the "cream of junior bowlers of the area."

Next Sunday night will be "Roaring Twenties" night at the Bowl. The theme for the Satellite Scotch Doubles will be carried through the bowling with a prize for the best outfit of that era. In addition, it is hoped that we can have a Charleston demonstration with a period of instruction afterwards. At a previous last Tuesday morning, Katie Flanagan, Pat Garcia and Doris Cunningham of the A-1 Nursery Holy Angels Mothers' Guild came attired in space helmets. As we went to press we hadn't yet determined whether or not it helped their bowling.

Weight Losing Club Seeks DC Members

Top Diminishing Dimensions, a non-profit organization dedicated to the problems of overweight, is seeking new members from the Daly City area, according to Mrs. Dorothy Latourelle, president.

The club meets every Thursday night at 8 p.m. at 66 Raymond street in San Francisco.

New members will be accepted any Thursday night after April 1, Mrs. Latourelle said. All programs, speakers and discussions are aimed at helping members lose undesirable weight and stay that way, she added.

Baseball Managers Plan April Meeting

The Daly City Department of Recreation invites all coaches and managers of midge and junior baseball teams to an organizational meeting at the War Memorial Community Center on Thursday, April 6, at 7:30 p.m. Rules and regulations for the forthcoming baseball league will be discussed.

The midge league will consist of teams comprised of boys 11 years of age and under. Junior teams will be made up of boys of 13 years and under. Interested parties should make an effort to attend this meeting.

Terra Nova Tigers Take Track Meets

In track, the Terra Nova Tigers last week ripped through their first two meets in as successful a debut as a team can make. They won 'em both, beating Mills and Bellarmine.

Says coach Dennis Lanterman, "Despite the fact that there are no seniors and only a few boys on the team who have ever run track before, Terra Nova showed itself to be the future track giant of the league."

Richard Trumbula, says Lanterman, could be one of the stars of this potentially all-star squad. Reporting as a mediocre sprinter, he has displayed such vast improvement and determination that in a few short weeks he has made himself into an outstanding hurdler. At his current rate of improvement, Trumbula could make life really miserable on future opponents.

Sprinters, which a few weeks ago, seemed to be at a premium, have suddenly turned up in relative abundance, led by Ed Greer, Jim Boyette, Bob Wedemuller and Henry Anduha, who, as a team, are undefeated in relay competition.

Top middle distance men are Tommy Summy, while the best Carl Harris, Jim Beeler and weight men thus far are Kim Post, Perry Gluckman and Chuck Nunemaker.

Specht To Speak At Olympic PTA Meeting

Batalian Chief Frank Specht of the Daly City Fire Department will be guest speaker for the Olympic PTA tomorrow at 1:30 p.m.

He will speak and show a film on "Fire Prevention in Schools."

Preceding the film will be a question and answer period. Refreshments will be served.

Zannini, Finnigan Will Judge K of C Basketball Tournament

Rudy Zannini and Jerry Finnigan, basketball coaches at Riordan High School, San Francisco have accepted an invitation extended to them by Robert C. Simon to act as judges in selecting the most outstanding player of the Knights of Columbus Second Annual Invitational Basketball Tournament on Saturday afternoon, March 11, in the Daly City War Memorial Community Center Gymnasium.

Rudy Zannini, star guard of the National Championship University of San Francisco Don Team of 1954-1955, this past season piloted the Riordan Junior Varsity Team to a League Championship.

Jerry Finnigan, another University of San Francisco graduate was editor of the student publication The Foghorn which has acclaimed All American recognition during his term of editorship. Jerry also has worked for the San Francisco Examiner as a sports reporter, covering the Far West Football Conference. Riordan High's Freshman basketball team under his leadership as coach won the Freshman League Championship.

Robert C. Simon, tournament director and public relations director of the council, reports that all invitations have been accepted and that the first elimination game will commence at 12:30 p.m.

A special exhibition game will follow the championship game of the tournament pitting the Holy Angels Teen Club team against a team composed of members of Marian Council. This game will pit the age and experience of the council's team against the youth and vigor of the Teen Club. At this writing Holy Angels Teen Club is currently in second place in

the Teen Club League. The members of the council's team are looking forward to limelight rubdowns following this game if they can last that long.

Presentation of awards will take place at halftime of the exhibition game to all teams participating in the tournament and the most valuable player award will be given to the boy judged the most outstanding of the tournament immediately following the team awards.

The public is invited to attend all games of the tournament free of charge.

Westmoor Debuts; Drops Balboa 7-5

Westmoor High School's varsity baseballers made their seasonal debut a successful one by handing the Buccaneers of Balboa a 7-5 defeat.

Winning pitcher for the Rams was senior Cornell Holmes, who was a reserve on last year's championship team. In the five innings he pitched, the lanky right hander blanked the Bucs on three hits and one walk, while striking out three. In addition to pitching five scoreless innings, Holmes collected two singles in five times at bat.

Rod Losberger, Rams' baseball coach, was especially pleased with the performances of Holmes, and second-baseman Steve Funai. Funai was key man in both of Westmoor's double plays. Steve played shortstop on last year's frosh-soph club; and was switched by Losberger to second with the hope that Funai and Rich Morales would produce more than the nine DP's executed by the 1960 field.

This idea paid off in the ninth inning, with the tying run on second base; in a bases loaded —one out situation, Funai grabbed a hard shot off the dirt and threw to Morales for one, and then the All-League shortstop let a strike to first-baseman Ron Townsend—and the game was over.

Although they were playing in their first game of the year, the Rams batsmen were the first to score. In the top half of the first, back-to-back singles by Funai, Townsend and Holmes gave Westmoor's first run. A long fly by Morales scored Townsend from third, thereby giving Holmes a two run lead when he took his turn on the mound.

The hilltoppers scored their third run in the fifth inning, when Steve Payette singled in Dave Peterson. In the next inning, Payette collected another RBI, by scoring Chris Hanson with a single to left. This single was the Rams' only hit in the sixth, coming after four consecutive Westmoorites had walked.

Scott Shackelford, who appears to be a top candidate for center field, collected the only

extra-base hit by a Ram. He tripled to center, scoring Daryl Woodside, Barry Krohn, last year's Peninsula League Player of the Year, then smashed a single into right field, for Westmoor's seventh and final run.

Each of Balboa's runs was tallied off Doug Eastman, whose main difficulty was his lack of control. In four innings, Eastman allowed five runs on three hits; but gave up seven free passes. Four of these seven men eventually scored.

Westmoor's only veteran from last year's first team in the starting line up was Rich Morales. Basketbailers Terry Christman and Barry Krohn saw little action in the Balboa game; and Bill Hix was unable to attend. These four players are probably the key men in Westmoor's pennant hopes—but the Balboa game indicated that the 1961 team will be more than a four-man-club.
